RAIN HORROR GROWS CALIFORNIA WHEN BROWN FLOODS SWIRL THROUGH SAN DIEGO

LOS ANGELES, Jan. 20.—Dispatches received this morning from different portions of southern California are startling in their tales of rain resulting from the terrific torrential rains (consequent floods). It is reported that 12 bodies have been found and identified and more are likely hidden in the wreckage left behind by rains. Yesterday the damage was estimated at \$1,000,000 and today city officials believe the total amounts to far more than that sum. In San Diego, the brown floods sweep through streets, carrying everything before them. The sea lanes cut off from all outside communication 24 hours and it will be days before the massed wires and broken poles are straightened. Many of the inhabitants who were forced to leave their submerged homes have taken refuge in highest tree-tops, and rescue boats are busy carrying them to dry ground. The destruction of orchards of citrus and other trees is almost unparalleled in the history of the state. It will be a long time before the full extent of the damage can even be estimated.

WIFE TELLS OF MURDER.
MCCURTRELL, Ga., Jan. 20.—Beatrice Hiers, 40-year-old, has today confessed that her husband, Sam Hiers, killed her father, E. M. Carden, last night. It is reported that she told her husband just before the murder that her father had only wronged her some years back, and that he was pursuing her. When Hiers was confronted with his wife's confession, he admitted the killing. Three inmates in who had been held for the crime were then released.

U. S. MINERS IN MEXICO ARE IN DEADLY PERIL

EL PASO, Jan. 20.—American mine owners throughout northern Mexico are making the final arrangements today to send ten special trains to various districts to bring out the hundreds of employees imperiled in the interior by the bandit murderer, Villa, and his raiding crew. Conditions are becoming steadily worse in the country and it seems as if the government is unable to cope with the situation. Unless Carranza furnishes the necessary military protection for the train-bus trains, permission will be asked by the mine owners to place armed guards on every car. Commanders Obregon and Gonzalez made the joint statement this morning that they were on amicable terms and there had been no split in their friendly relations. General Fuentes sent a dispatch to the Washington government this morning which announced that the statement of the capture of seven cavalrymen by bandits was erroneous. A party of Mexicans raided American property a few days ago and were badly pursued by United States troops.
BRISCOE BOULDIN TRANSFERRED.
LOUISVILLE, Jan. 20.—Briscoe Bouldin, international revenue agent, has been transferred to the Georgia-Florida district, and hereafter his headquarters will be at Atlanta.

REPUBLICAN LEADERS FORCE INTERVENTION POLICY FOR MEXICO?

WASHINGTON, Jan. 20.—Republican leaders of the senate have come to the decision that there must be no amnesia over the Mexican situation until the administration has been forced to rectify its policy. It is reported that they are determined to bring the question of intervention to a "show-down" within the next week by forcing a vote on the resolution. The leaders will attempt to take the measure out of the hands of the foreign relations committee and fight it out on the floor of the senate. They now claim that they lack but two votes of the required number necessary to do so.

FRANCE AND ENGLAND DIFFER ON BLOCKADE

LONDON, Jan. 20.—Colonel Edward House, confidant of President Wilson's, now in Europe looking after the interests of the United States, left here for Paris today. It is stated that he has received information to the effect that France has not yet fully endorsed the British plan to tighten the blockade of Germany because of the disastrous results it would undoubtedly have upon American commerce.
RUSSIANS CONTINUE ADVANCE.
PETROGRAD, Jan. 20.—A dispatch received here early this morning announced that the Russians are continuing their terrific onslaught at the southern end of the battle-front, after capturing several positions along the Bersarabian and Galician lines. It is stated that the Teutons are receiving strong reinforcements, though as yet, they have been unable to check the advance of the enemy.

BINGHAM, PORTER AND SMITH.

That the best interests of the whole municipality of Daytona would be safeguarded by the election of C. C. M. Bingham, A. M. P. Porter and J. W. Smith as city commissioners is generally conceded by conservative people—people who have much to gain but the subservience of all other considerations to that of Daytona's welfare.

Bingham, Porter and Smith are, we feel deeply moved in asserting, all three men who have the city's interests at heart. They are vitally interested in the city's welfare. They are men who have found it long enough to have grasped an understanding of conditions; they do understand conditions; they are all men of ability—natural and acquired, with a sort of a sort that is really applicable in the discharge of duties incident to administrative and executive positions; ability of a kind that may be invested with a tremendously valuable asset to the municipality. They are men who are not and will not be swayed by petty prejudices or factional feelings. The only objection that has been raised against them is that they were not ardent advocates of the recently adopted city charter; they wanted it they believed to be a better one; and that they did not see the same way about it merely because that of their desire for Daytona to have the best.

Advocates of the adoption of the present charter said to the people: "Adopt this charter and we will be improved."

But Bingham, Porter and Smith, and if they do not believe the present charter can be improved, will probably so suggest—and then submit suggestions to the people.

Porter and Lew Smith as city commissioners is generally conceded by conservative people—people who have thought in mind but the subservience of all other considerations to that of Daytona's welfare.

Bingham, Porter and Smith are, we feel amply justified in assuming, all three men who have the city's interests at heart. They are vitally interested in the city's welfare. They are men who have lived long enough to have grasped an understanding of conditions; they do understand conditions. The only objection that has been raised against them is that they were not ardent advocates of the recently adopted city charter; they wanted that they believed to be a better one; and that they feel the same way about it merely accentuates the fact of their desire for Daytona to have the best there is.

Advocates of the adoption of the present charter have said to the people: "Adopt this charter and it can later be improved."

Elect Bingham, Porter and Smith, and if they can that the present charter can be improved, they will probably so suggest—and then submit their suggestions to the people.

FLA. SUNDAY SCHOOL ASSOCIATION ACTIVE IN EDUCATIONAL WORK

PENSACOLA AND CHIPLEY FEEL INFLUENCE OF ORGANIZED EFFORT—SCHOOLS DISMISSED TO ATTEND MEETINGS.

Do you know how roast pig came to be? Maybe roast pig and Sunday school work seem not to have much in common, but the method of doing things has, and that is what this story has to tell.

Long ago the people of China kept pigs in their homes as pets. One time a house burned, and later the owner was searching in the ashes for valuables. He stuck his finger down into the debris and ashes, and suddenly penetrated something very hot. He pulled out his finger and put it into his mouth. It tasted good. It was roast pig, and ever after, when they wanted roast pig they burned a house. The same end can be accomplished by less expenditure of time, energy and property. So there seems to be many ways of doing things, and all the business and mercantile world bend their energies toward eliminating loss of time and money.

In the Sunday school world this principle ought, pre-eminently, to apply. Lost time, energy or the coming in of friction ought to be carefully looked after. This is the purpose of the Florida Sunday school association. Its institutes, conventions and meetings are for all people, and are not restricted to any sect or crowd. In other words, the best methods and ideas are brought to a county convention at a minimum cost. One convention for the study of methods does for all, and accomplishes more than six or eight individual meetings held by the different denominations. Each of the six conventions would cost as much as one big association meeting costs. Then there is inspiration in numbers, and where all gather together the benefits of the many are all secured.

This has just been splendidly demonstrated in the monster rally held in Pensacola, January 8 and 10. General Secretary R. C. Weidner went to the western metropolis on the 8th, where he met the representative workers at

a "Get-together" luncheon. Sunday proved to be a red-letter day for the workers in that city. The afternoon institute was well attended, but the union service at night was one long to be remembered. Most of the churches gave way, and all attended en masse. The great Methodist church was crowded, and the meeting was full of inspiration. All workers of the churches were benefitted, and in three days was accomplished for the eight churches what it would have taken 24 days to have accomplished for the eight churches if each had held separate meetings.

The same was true of the enthusiastic rally held at Chipley on the 11th and 12th. Here the three churches united for a big meeting, and the Baptist church was crowded at all the sessions. So well was the work thought of that the school board permitted every pupil wishing to attend the institute to do so, and to receive credit for their regular studies. Hundreds of the pupils availed themselves of this privilege, while visitors from miles around the town came in to the meeting, which was conducted by General Secretary Weidner. Everybody was welcome to its sessions, and the result was that everybody came and a city-wide stimulus was given to the work which had never been had before.

This is the modern way of obtaining best results. Time and money are too precious to in any way waste, and the business of the King requires haste, and it would seem near criminal to spend time and money foolishly in this work. The Florida Sunday school association furnishes the most economical and best way of obtaining the maximum amount of results in the way of methods, ideas and working principles in Sunday school activities.

Fate.

For nine-tenths of the world's inhabitants, the line of least resistance. For the remaining one-tenth, industry, perseverance, courage, hope, honesty and all the copybook virtues. If you don't believe it, try it.—Judge.

To Kill a Cat.

The most merciful way of destroying cats is to chloroform them. Draw an old sock over the cat's head, so that the toe is brought not quite to its nose. Pour a teaspoonful of chloroform on to the sock close to the cat's nose. Almost as soon as the animal begins to be frightened it will doze off. Twice more soak the end of the sock, and the cat will not wake again.

A BAKER'S DOZEN MORE SUGGESTIONS FOR CASINO MOTTO

Surely, surely that hundred dollars the News proposes to pay for a good motto for the Burgoyne casino is attracting like the perfect little magnet it is and was intended to be. Still the "mottos" come, singly, in pairs, and in quintettes; and the indications are that the fun has just begun. Take a look at the crop that came in yesterday:

"Should and acquaintance be forgot And never brought to mind?"
Should and acquaintance be forgot And days of long syne?"

"Here we will sit and let the sounds of music Creep in our ears; soft stillness and the night Become the touches of sweet harmony."

"The man that hath no music in himself, Nor is not moved with concord of sweet sounds, Is fit for treasons, stratagems and spoils."

"Life's worth living here. An hour's time, an hour's cheer Costs no money, only a little time. Thanks to Commodore Burgoyne."

"This, our casino, beautiful and grand, Built on Florida's snowy white sand. The band's sweet music, soft and clear, Touches every heart, soul and ear."

"If music's charms soothe savage and beast, Then Twentieth-century America will at least, Upon entering lyric Burgoyne casino fair Forget all money-madness, worry and care."

"Sweetly sleeps the moonlight upon this bank, While music creeps in our ears, Soft stillness and the night Become the touches of sweet harmony."

"Music is the fourth great material want Of our nature—first food, then raiment, Then shelter, then music: the Universal Language."

"The spirit of nineteen sixteen: Music. Let every year welcome the band; But don't cut out singing When there is music in the land."

"Sweet is the breath of vernal showers, The best collected treasure sweet, Sweet music's melting fall, but sweet-er yet The still, small voice of gratitude."

"Come one, come all, Where youth and pleasure meet, To chase the glowing hours With dancing feet."

"The debt immense of endless gratitude: To the generous mind The heaviest debt is that of gratitude, When not in our power to repay."

"On the banks of the Halifax river Where this beautiful casino stands—A magnificent gift to Daytona From most generous man in our land."

Again the "Sentimental Editor" cautions prospective contestants to familiarize themselves with the rules governing the News' \$100 prize contest before preparing and submitting suggestions for mottos for the Burgoyne casino. If you haven't the rules before you, get a copy of one of the several editions of the paper in which the rules were printed. Remember: only four lines, and not exceeding seven words to the line.

Records of Aeroplanes. For an aviator there has been invented in France apparatus which shows the speed at which his aeroplane is traveling, the velocity of the wind and the angle at which he is attacking it and whether he is rising or falling.

Good Advice. "I suffer terribly from indigestion, doctor. What shall I take for it?" "It isn't so much what you take," replied the physician. "It's what you stop taking." Whereupon he proceeded to make out a long list of the things his patient must not eat.

Billie's Occupation. Margaret had two boy playmates harnessed up and was driving them for horses. Margaret's mother called out and asked her why she didn't let Billie play with them. He was running beside them shouting at the top of his voice. Margaret called back: "Mother, don't you know Billie's playing he's the dog?"

"The SILENT SMITH"

—Model B shows what should now be expected of a typewriter.

The success of the L. C. Smith & Co. Typewriters has been due to the fact that the works of the user have been placed in connection. The user has decided in favor of certain improvements now incorporated in Model B.

Among them are:

Always in Operation: The user alone moving element operates every part of the machine. Absolute silence has been very nearly attained.

Special Tabulators: A help in filling and tabulating. There is no more change for this convenience.

Double Line Space: Besides the opening to start on a new line and space from point of starting, also to write on a new line without starting again from beginning of line. A great help in work.

For the Silent Smith—features from a great list of improvements for the user.

Order of Corrugated Boxes—Upon special order the new full length corrugated boxes will be furnished in place of the light board boxes.

All the important features of previous models have been retained on full bearing carriage, typewriter and capital shift, back space, key-controlled ribbon, reversing ribbon, pressure type, double paper feed and automatic ribbon return.

For the Silent Smith—features from a great list of improvements for the user.

ALEX. GRAHAM BELL ARRIVED LAST NIGHT

A distinguished guest at the Hotel Clarendon is Alexander Graham Bell, who arrived by motor last evening from Jacksonville, accompanied by Mrs. Bell and Mrs. Fairchild. Mr. Bell, inventor of the telephone, which bears his name and original promoter of what was destined to become the most prodigious message-transmitting system on the face of the earth.

TALK ON "GRIPPE, GRIT AND CONSUMPTION"
Dr. Earl Douglas Holtz will arrive from the North soon and give a lecture Tuesday night at the Daytona Methodist church on the subject of "Grippe, Grit and Consumption."

Dr. Holtz is one of the best physicians on the platform today and a large crowd is expected to hear the number of the Tourists' class program.

ENTERTAINMENT CAUSED BY TRIFLING FIRE

An alarm of fire was sent in this morning about 11 o'clock and the Daytona Beach department responded promptly to a small blaze which destroyed an outhouse in the rear of J. L. Wetherby furniture store Seabreeze avenue. The building was used for storage purposes and of very slight value. It was destroyed by C. L. Horn and probably started fire from a bonfire in a neighboring yard.

SCHOOL ANNUAL GOES TO PRESS DURING WEEK

The "Sand-Crab," the high school year book put out each year by the local school, will go to press before the close of the present week. The Peninsula Publishing company, of Seabreeze, will do the printing, as usual. The various officers of the "Sand-Crab" staff have been very hard at work during the last month in getting material in readiness. The present issue will be one of the best ever issued.

Gertrude Bishop has returned from her college work in the College for Women at Tallahassee and will stay for the remainder of the winter with her parents on Wildcat street.

SEABREEZE PERSONALS

Miss Belle Towne was a guest of Judge and Mrs. Grant at dinner at the Princess Issena Wednesday.

Mr. and Mrs. R. W. Tull, of Fanwood, N. J., are among the recent arrivals registered at the Hotel Clarendon.

Mr. and Mrs. A. D. Worthington, regular winter tourists at Seabreeze, are registered at the Hotel Clarendon for the season.

Mr. and Mrs. J. R. Lyman and Mr. and Mrs. D. R. Moon, of Eau Claire, Wis., were registered at the Hotel Clarendon for dinner Tuesday evening.

Miss Pearl Astinall, of Providence, R. I., is expected to arrive soon and will assist Mrs. Morrissey in the manuring parlors at the Hotel Clarendon.

Mr. and Mrs. F. E. Peace, Mrs. E. Apperson and Miss L. Clancy arrived Tuesday from Chicago, Ill., and are registered at the Princess Issena for an indefinite stay.

Mr. and Mrs. F. C. Lewin, of Chicago, have recently arrived to spend an indefinite time in Seabreeze at the Clarendon. Mr. Lewin is an experienced hotel man.

Mrs. A. A. Schlessinger, who is occupying one of the Clarendon cottages for the winter season, is taking advantage of this lovely Florida weather and enjoys daily horseback rides in and around this beautiful city.

Mr. and Mrs. Goodwin, of New York city, who are touring the south, enjoyed a brief stay in Seabreeze at the Clarendon. Mr. and Mrs. Goodwin were delighted with Seabreeze and expect to return later for a stay of some length at this attractive hotel.

G. H. Faatz and L. Faatz, who have been spending their winters in Seabreeze at the Hotel Clarendon for a number of years, arrived Tuesday from New York, to be here for the remainder of the winter season. These gentlemen are enthusiastic golf players and expect to enjoy many exciting games on the Clarendon golf links during their stay in this city.

Mr. and Mrs. Roy Dickerson, regular winter tourists to Seabreeze, arrived Tuesday from Baltimore, Md., and, as usual, are registered at popular Hotel Clarendon. Mr. and Mrs. Dickerson motored down from Jacksonville in their car, and are planning many enjoyable rides during their stay here. They leave soon for Miami on a short pleasure trip, but will return later to spend the balance of the winter on the beach at the Clarendon.

An entertainment will be given at one of the local hotels on the corner of Earl street and Ocean avenue, next Saturday night, for the guests and friends of the hotel. The Strogrenhoj quartette will sing some choice numbers, besides several numbers of a comical nature. A surprise and a good time is promised to all, and everyone is most cordially invited.

DAYTONA BEACH LOCALS

H. Keffer left yesterday on a business trip of several days' duration to interior points.

Mrs. F. W. Stanley left Wednesday on her return to Orlando, after enjoying a brief sojourn in Daytona Beach, guest at the Seaside Inn.

W. J. Braddock, assistant cashier of the East Coast State bank, made a short business trip to DeLand Wednesday, returning to his home late in the evening.

W. Herrick and F. Holmes returned Wednesday from a hunting trip in the Tomoka and Bulow districts. The men had very good success, bringing home a bag full of game.

D. LaRoche and Messrs. Duncan and Whitaker will leave today for Cocoa, where they go to complete a roofing job. In about three weeks they will return to the beach.

The ladies of the Daytona Beach Public Library association will hold a business meeting at the new library building on Peninsula drive, Friday afternoon at 4 o'clock. All members are asked to be present.

John T. Detchon, of Indianapolis, a regular winter tourist to Daytona Beach, is registered at the Seaside Inn for the remainder of the winter. The host of friends of Mr. Detchon will be pleased to hear of his return.

James H. Paine, an enthusiastic fisherman, who is spending the winter in Daytona Beach at the Seaside Inn, is having great sport fishing off Keating's ocean pier. Each day he brings in a large string of choice fish, which the guests are enjoying immensely.

Mr. and Mrs. H. Keffer, who have been occupying the Bogart cottage on Atlantic avenue for the last few weeks, have rented it to another party and have leased the Indiana cottage for the remainder of the season.

A party consisting of Mr. and Mrs. R. V. Dittmars, Mr. and Mrs. C. L. Dittmars, Dr. Ott and Miss Mattie Ott, who are enjoying the winter in Daytona Beach, left Thursday morning for New Smyrna on an all-day's pleasure and sight-seeing trip.

The regular weekly party was held at the Seaside Inn Wednesday night and all in attendance experienced a very pleasant time. Miss Jeanette Cowell won the first prize for skillful 500 playing, which was a leather picture holder of beautiful design.

Mrs. Gertrude Campbell, of Greensboro, Vt., has purchased a lot on First avenue in Marshall Park and contemplates erecting a building. She plans to have a tea room on the lower floor and apartments upstairs. Mrs. Campbell has conducted a similar business in her Northern home.

Mr. and Mrs. F. F. Wiley, of Edinburg, Ind., arrived Wednesday and will spend the remainder of the season in Daytona Beach at the Sweeney house on Ocean avenue. Mr. Wiley is a prominent Indiana citizen, being very closely identified with the large canning industry in that state.

Mrs. H. F. Rice entertained a number of her friends at a card party at her home in the Sweeney apartments Wednesday evening. The party spent a very pleasant time in playing hearts and late in the evening light refreshments were served after which the friends left for their homes.

The guests of the Seaside Inn enjoyed a lecture on South America by W. I. Denison, Tuesday evening at the hotel. He told of many interesting experiences during his travels last year through that country and his lecture was instructive and entertaining to the large and appreciative audience.

Mr. and Mrs. C. Wetherspoon, children, nurse and valet, arrived Tuesday from New York, to spend some time in Seabreeze, guests of the Hotel Clarendon.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

BLODGETT HOME IS RENTED FOR SEASON

The winter home on South Ridge-wood avenue owned by Mrs. D. A. Blodgett was rented today to Mr. and Mrs. John P. Starks, of Louisville, Ky., through the agency of A. J. Malby. Mr. and Mrs. Starks have been guests of the Hotel Ormond, but will occupy the Blodgett home tomorrow.

GEO. W. JONES DIES IN NEW YORK CITY

Mrs. Jerome D. Maley received a telegram this afternoon stating that her uncle, Geo. W. Jones, died in New York City today. Deceased was a brother of Mrs. Maley's father, the late Col. C. H. Jones, and had been business manager of the Lockwood Trade Journal company for the past 15 years. He has visited Mrs. Maley in years past.

The death of Mr. Jones may necessitate a trip to New York on the part of Mr. Maley, who is executor of the estate of the late Colonel C. H. Jones.

WERE RECIPIENTS OF MANY HANDSOME WEDDING GIFTS

A representative of this paper, while calling at the South Beach street residence of Capt. and Mrs. C. M. McDonald, had the pleasure of seeing the numerous and beautiful wedding presents received by their son and his bride, Mr. and Mrs. Cecil Ira McDonald, who were married Tuesday evening and are making their home with Capt. and Mrs. McDonald. The presents include many beautiful articles of cut glass, china, fine linen and silver, among the last named being a chest of solid silver from a number of friends. The bride and groom also received some very handsome personal gifts, and presents still continue to arrive from distant places. The young couple are to be congratulated upon the great number and value of the gifts received.

HEARD ON THE STREETS

Mr. and Mrs. A. C. Brewster, of Chagrin Falls, Ohio, who arrived in Daytona Monday, are located for the season in J. W. Stoneman's bungalow on Michigan avenue.

Nathan Goldman left this morning for New York on a business trip of about 10 days. During his absence his brother, Samuel Goldman, will be in charge of the Quality shop.

E. Granville Baker, of 450 Magnolia avenue, is in Miami for a few days on business. Mr. Baker went to the Magic City by train Tuesday night. He expected to return Saturday.

Gettes Long, who went to Jacksonville by train on Monday, is expected home tomorrow, driving through from Jacksonville the new two-ton Republic truck which he will use in his hauling business.

Mr. and Mrs. C. W. Jones, who came to Daytona to attend the wedding Tuesday evening of their grandson, Cecil L. McDonald, and had been with their daughter, Mrs. C. M. McDonald, and family, 499 South Beach street, returned today to their home in Ponce Park.

Thomas Wetherell, of Palmetto Park, left on the midnight train last night for Miami to superintend the painting and interior decoration of Theo. Hofstatter's residence in that city. He will probably be in Daytona for several weeks and possibly for a month or longer.

NEW PLAY READY FOR THE NOTED MRS. FISKE

NEW YORK, Jan. 20.—Mrs. Minnie Maddern Fiske, who has been devoting herself to pictures since the days of "Mrs. Bumstead-Leigh," brought "Erstwhile Susan" into the Gaiety theater last night. The play brings Mrs. Fiske to New York for the first time in two seasons and marks the debut of Corey, Williams and Riter as a producing firm. "Erstwhile Susan" is a dramatization of Helen R. Martin's novel "Barnabette."

SAYS ROOSEVELT'S HAT WILL BE IN RING NEXT MONTH

JERSEY CITY, N. J., Jan. 20.—Geo. L. Record, former mayor and perhaps the most influential Progressive in the state of New Jersey, is authority for the statement that Roosevelt will be a candidate for the Republican presidential nomination. Record says he is willing to stake his reputation as a political prophet upon the prediction that by next month Col. Roosevelt's hat will be in the ring and that he will go out into the Middle West and take all the primary states for himself.

SOLDIERS' KITS MAY BE PURCHASED HERE

THE LAFAYETTE FUND STILL CONTINUES ITS GOOD WORK FOR THE SOLDIERS OF FRANCE.

The Lafayette fund is again sending comfort kits to the French soldiers in the trenches and hospitals, and the grateful letters received in acknowledgement of the same from many of the soldiers and also from officials of the American Relief Clearing House (who distribute the kits and whose letters cannot be printed for want of space) show what truly genuine appreciation and gratefulness they are received.

Each kit costs \$2.00, and the name of the donor goes with it. Miss Margaret Rhodes, 360 South Beach street, who represents the Lafayette fund in Volusia county, will be pleased to receive donations. It is hoped that the people will respond as generously

as they did last winter, for the need is as great as ever and the gratitude of Americans towards France, who helped this country in the dark days of the Revolution, can be shown in this small generosity by sending comfort kits to the brave men who are defending France today.

INITIAL MEETING OF MUSIC DEPARTMENT

The first meeting of the music department of the Palmetto club will be held in the clubhouse tomorrow morning at 10:30 o'clock. The composer for the day will be Charles Wakefield Cadman, the noted writer of American Indian songs.

The leader will be Mrs. W. E. Hitchcock. A letter from Mr. Cadman will be read; the literary work will be given by Mrs. Isabel Cornwall and Mrs. Hitchcock and will consist of facts of Mr. Cadman's early struggles and successes. These papers will be musically illustrated, viz.: "The Land of the Sky-Blue Water," an adapta-

tion from an Indian theme of the Omahas, by Miss Meeda Pierson. (a) "The Moon Drops Low," Mr. Cadman's favorite song; (b) "I Hear a Thrush at Eve," sung by Mrs. B. B. Brown. His song, "At Dawning," made famous by John McCormack, will be given.

Mrs. Margaret Snyder will play excerpts from Mr. Cadman's new piano sonata in A major with explanation between each movement.

This will be the first of seven musical mornings to study and illustrate the works of American composers. All club members and their friends are invited.

On the Road to Intemperance. Testimony in a Chicago court shows that a husband from whom a divorce is desired drank eight or nine whiskies every morning before breakfast and about thirty more before going to bed. It is drinking of this sort that so often leads a man into intemperance before he realizes it.—Philadelphia Ledger.

DAYTONA-SANFORD GAME CALLED OFF

The Daytona high school reports that the game between D. H. S. and Sanford which was to have been played on Friday evening at 8:30 o'clock in the Arcade, has been called off.

The managers of the Daytona team cannot understand why the Sanford boys should have backed out at the last moment. They guaranteed their opponents their expenses and every detail had been arranged.

Raymond Green, one of the players of D. H. S., states that he understands the Sanford local team is disbanding. There will be no more games between the two towns this winter, at any rate.

More Convenient Now. It is good news that comes from Denver, where a doctor has discovered a method of weighing a man's body without removing it from his bed. The old-fashioned way had certain advantages, especially to the man interested.—Pittsburgh Sun.

THE WEATHER

Once more Daytona basks beneath the smile of the Florida sun and looks back on the cold snap as if it were only a bad dream. The weather man says, himself, that he is tired of getting up storms so often with which to bother this region, so he is going on a long vacation. He claims that he has been neglecting the northwestern part of the state and he intends to send a little rain in that direction on Friday to make up for it, but the East need have no fear.

The temperature is scheduled to rise steadily during the day through the western portion and a breeze from the east to northeast may be expected. Of course, Daytona enjoys the popularity and likes to see the winter residents flock in, but perhaps it would be as well for all concerned if Jack Frost would confine himself to transient visits.

BEAUTIFUL PAINTING AS GIFT TO PALMETTO CLUB

Mrs. Harriet Coleman Gardiner has donated to the Palmetto club a beautiful painting, the work of her own hands, which has been much admired by all who have seen it.

The subject is a large palmetto leaf, the club emblem, with a sombre background, which is most effective, bringing out all the delicate shadings of green. The painting has for its inscription the club motto, "Why stay on the earth unless to grow?" The frame is of palmetto wood, which is most attractive. The painting has been given a conspicuous place on the walls of the clubhouse, and all of its members are indeed proud of this beautiful gift. While the club has many very fine paintings, still this one of Mrs. Gardiner's is distinctly different and most unique because of its character and style. Mrs. Gardiner has shown great artistic skill in her work.

CALLED NORTH BY DEATH OF SISTER

L. H. Cutten left this morning for Portland, Maine, where he was called by the death of his sister, Mrs. H. D. Farris. Mrs. A. Staples, mother of Mrs. Farris and Mr. Cutten, was unable to accompany Mr. Cutten North. The death of Mrs. Farris was a great shock to them as they had no knowledge of her illness until the receipt of a telegram from Portland at 7:30 o'clock last evening, stating that she was critically ill and little or no hope of her recovery was entertained. This message was followed by another shortly after 8:00 o'clock, conveying the sad announcement of her death. Mrs. Farris was but 30 years of age. Mr. Farris is manager of the Elks' home in Portland. Mr. and Mrs. Staples and Mr. Cutten will have the deep sympathy of friends here in their bereavement.

COBURN MAKES NEW RECORD AT SANFORD

F. M. Rowe received a telegram this morning from J. A. Coburn, Sanford, stating that Coburn's minstrels had played to a record-breaking house in Orlando with an absolute sell-out and 116 standing room for the first time in the history of the house. This always popular minstrel troupe is enjoying a phenomenal run of business the present season and as Daytona always gives the troupe a full house it is a question if there will be even standing room at the performance at the New Daytona theater the last of the month.

COM. BURGOWNE TO PAY FOR "SENTINEL"

Commodore Burgoyne is the friend of the students of the Daytona high school. He telephoned Prof. H. Clay Marks, supervising principal, that he wants to pay the cost of printing the "Sentinel," the annual publication of the local high school. The students appreciate the generosity of the Commodore, as it relieves them of the payment of about \$250.

Mr. and Mrs. William Coolidge, of Salem and Boston, Massachusetts, are spending the season at the Prince George. These interesting people have just completed a trip around the world. They have a delightful summer place at Sunapee Lake, New Hampshire, which is one of the show places of the summer colony.

Mr. and Mrs. F. J. Coolidge, of Atlanta, Ga., where they are very well known, and where Mr. Coolidge is a prominent business man, are at the Despland for the remainder of the season. Mr. Coolidge is an ardent golf enthusiast, having many trophies

to show for his skill on the course, and has played some fine games on a number of Florida's golf links.

Mr. and Mrs. S. F. Holcomb and son and daughter, Tudor and Miss Laura Holcomb, of Granby, Conn., recent arrivals in Daytona, are pleasantly located in the W. W. Ross cottage on North Ridgewood avenue. Mr. Holcomb and family are making their first visit to "The Prettiest Winter Resort in the World."

*Magneto recharged. Work guaranteed. L. M. Drake, West Fairview. t.t.t

Registered at the Ridgewood for a short stay are Mr. and Mrs. M. Sergez Friede, of Petrograd, Russia, with maid and chauffeur. This is their first trip to Daytona and both are delighted with its attractions. They are touring Florida by motor car, and expect to go to Palm Beach for a few weeks, and will then return to the Ridgewood for another visit before going to New York.

FLYING BOAT HAULED OUT FOR REPAIRS

After the accident which threatened the lives of the well-known aviator, N. J. Nelson, and the president of the Submarine Exploring and Recovering company when their flying boat went aground opposite McDonald's ship yard in the recent heavy northerly blow, it was discovered that the hydro-aeroplane suffered a severe strain which opened her seams.

She has failed to fly during the last few days because her hull has been weighted down with considerable water which the pump could not keep clear. The machine is now hauled up on dry ground and workmen are busy calking her.

Nelson made the statement this morning that he hoped to have the repairs completed in a short time and warned the citizens of Daytona not to be surprised if they look up in the near future and see the hydro-aeroplane winging its way far above the housetops.

MAKES DONATION TO CASINO CHAIR FUND

ADAM SHANTZ, OF DAYTONA, OHIO, CONTRIBUTES \$25 IN APPRECIATION OF THE GREAT WORK BEING DONE.

Adam Schantz, of Daytona, Ohio, a warm friend of Daytona and with many friends in the city and vicinity, fully appreciates the great work which Commodore C. G. Burgoyne is doing for Daytona and as a token of his appreciation has forwarded a donation of \$25 for the chair fund of the Burgoyne band casino. Mr. Schantz since the disposal of his business interests here has made a practice of spending at least two weeks each season in the city and his friends will be glad to know that he expects to come to Daytona, as usual. He is a prince of good fellows and his example with regard to the chair fund might well be followed by other well wishers of Daytona as a matter of appreciation of Commodore Burgoyne's generosity toward the city and its people.

Mr. Schantz' donation was forwarded through Geo. H. Ludwig and was accompanied by the following note: "Daytona, Ohio, Jan. 17, 1916.

"Mr. George H. Ludwig, "Daytona, Fla.

"My dear Mr. Ludwig: "Enclosed herewith find check for \$25, which kindly get to the Burgoyne chair fund.

"I am in hopes of getting away to spend some time at Daytona. Up our way we have had some hurdles to clear the past year or so. Having cleared them, we find business, generally, headed in the right direction, going good and strong. This seems so general, that I am of the opinion Florida will experience a fat season following several more or less lean ones.

"Get another Burgoyne or two down your way, and you will have to put on several extra policemen to keep the crowds a-moving.

"With best of good wishes, I am, "Sincerely, "ADAM SCHANTZ."

CRYSTAL THEATRE SHOWS TODAY "THE REFORM CANDIDATE"

Politics and still more politics; yea, even the movies are "playing politics"—not, to be sure, in the commonly accepted meaning of the phrase, but "playing politics" just the same. The Crystal theatre will present this afternoon and evening "The Reform Candidate," with Macklyn Arbuckle in the featured role of "Boss."

"The Reform Candidate" will appeal powerfully to the average red-blooded American. Here is how the play goes:

Finding that the mayorality campaign is turning against him, Frank Grandell, who heads the "reform" ticket which is trying to smash "Boss" Hoke's political machine, sends his lieutenants to pry into Hoke's private life in the hope of unearthing some damaging scandal. Their curiosity aroused by the mysterious parentage of Mary Hoke, the adopted daughter of the politician, they corner "Looney Jim," a half-witted fellow, whose devotion the "Boss" has won through kindness, but he dies before they can extort the secret. Grandell then offers the "Boss" \$15,000 for his support and he, determined to crush his enemy, accepts the money and then defies the "reformer" to enforce the bargain. Meanwhile, Grandell's wife, whom the "Boss" has worshipped from afar, comes to prevent her husband's nefarious intrigue, and while there discovers that her long-lost baby is in reality the adopted daughter of the "Boss."

Nearly a million dollars have been voted for good roads in Volusia county.

ALINE IN COMMISSION;
MAILED WITH FISHING
PARTY FOR PT. SEWELL

H. E. PENCE'S HOUSEBOAT WITH 1,000 COMFORTS ABOARD TIED UP AT YACHT CLUB DOCK FOR THE NIGHT.

One of the most luxuriously equipped houseboats in southern waters went into commission yesterday. She is owned by H. E. Pence, who has a handsome winter residence at Daytona Beach, and her name is the Aline. When one walks through her palatial staterooms, her beautiful saloon and out onto the wide decks one can hardly believe that Mr. Pence is ever willing to come ashore. The Aline is 80 feet over all with a 12-foot beam and a draft of two and one-half feet. She is driven by a 100-horse-power, heavy duty Standard motor at an average speed of 12 miles per hour. The engine room of

spotless white also contains an enclosed six-cylinder Winton motor directly connected with a five k. w., 110-volt, direct current generator, which lights the vessel and furnishes power for an arc searchlamp of great brilliancy. The Aline is heated by a compact hot-water system installed in the galley.

Mr. Pence has forgotten nothing pertaining to the creature comforts. A cleverly arranged electric motor drives a series of pumps which furnish hot and cold water for the baths and basins in the staterooms. There is also a complete call-bell system. Twelve people can comfortably live aboard the yacht and more may be accommodated at a pinch. There are six staterooms, all equipped with beds in place of the old-fashioned bunks. The owner's stateroom runs the width of the boat and suggests a palace rather than a ship.

The Aline was put in commission in Daytona at McDonald's yard under the personal supervision of Mr. Pence, who intends to spend a large part of the winter cruising. The yacht sailed today for Port Sewell near Gilbert's bar, on a fishing trip. The party included Mrs. H. E. Pence, Mr. and Mrs. Malcolinson, C. N. Pence, W. C. Pence and Mr. and Mrs. C. A. Clark, who motored down from Jacksonville last evening by moonlight to join the party.

Presidents and Soldiers.

Washington, Monroe and Jackson were soldiers in the Revolutionary war; Jackson, W. H. Harrison, Tyler, Taylor and Buchanan in the War of 1812-15; Lincoln in the Black Hawk war; Taylor, Pierce and Grant in the Mexican war; Grant, Hayes, Garfield, Arthur, B. Harrison and McKinley in the Civil war, and Roosevelt was in the war with Spain.

Drawing the Line.

Tomdix—"Is it true that young Greene's engagement is off?" Hojax—"Yes." Tomdix—"What was the trouble—did the girl decline to live in a flat?" Hojax—"No; with one."

The Naked Truth.

Robinson Crusoe had just rescued the savage from the cannibals. "Whatever they do, they shan't touch a bit of meat on Friday!" he exclaimed, having already thought up a suitable name for his dark complexioned protegee.—Jack-o'-Lantern.

Inevitable Result.

Jones—"Do you know, I fancy I have quite a literary bent." Friend—"All right, my boy. Keep on and you'll be worse than bent; you'll be broke."—Stray Stories.

KELLER-MARVING BOUT
WAS HOPELESS FIASCO;
ONLY HUGGING MATCH

The Keller-Marving bout held last evening at 9:15 o'clock in the Nauticus casino proved one of the worst fiascos in the history of the ring. After baby play lasting through three and one-half rounds, Marving raised his hand and made the following announcement to the astonished and indignant audience: "Friends, I am beaten. There isn't any use of going on. I haven't had gloves on for three months. If you want to see some more fun, I'll stick awhile, because Keller couldn't hurt me in a hundred years, but I'm beaten." He did not stick, however, and the disappointed crowd filed from the building.

During the first round, Marvin and Keller seemed evenly matched in spite of the slight advantage of weight in favor of the latter. Keller had a longer reach and greater stability but Marving closed at every opportunity. Many of the boxers in the audience believed Marving to be playing a deep game—perhaps to wind the heavier man. They prophesied exciting developments but none materialized.

The second round proved as nearly a tie as the first and it was not until the third round that anything even suggesting a boxing match happened. Keller feinted and caught his opponent a fair blow, knocking him down for an instant just as the bell rang. After dancing about the ring and hugging each other during the first half of the fourth round, Marving announced himself beaten.

Keller seemed willing enough to put up a clean hard fight, but for some unknown reason Marving contented himself with putting his gloves over his face and with closing on Keller. The main bout lasted 20 minutes.

The preliminary contest proved a trifle more interesting. Battling Mears, a negro boxer of some reputation, won over two amateur opponents successively in two rounds. Mears will meet Sam Langford, the "Boston Tar Baby," at the Arcade on Monday evening, January 24, and a remarkable exhibition is predicted.

To Generate Gas in Mines.

The suggestion of an English scientist that coal be burned in mines and the resulting gas utilized to produce electric power for general distribution will be acted upon in an experimental way in the near future.

HOPE TO SPEND THE
SPRING IN DAYTONA

FINDS THEATER, SHOPS AND COLD AUTOMOBILE RIDES OF NORTH POOR SUBSTITUTE FOR ATTRACTIONS OF DAYTONA.

Mrs. J. H. Trask, writing January 14 to have the Gazette-News forwarded to Buffalo, N. Y., says:

"Our plans for the winter have been very uncertain because of the serious illness of my husband. Dr. Trask spent two months at Johns Hopkins hospital, Baltimore, in the early summer and his health was somewhat improved when he left there. In August, however, he suffered a relapse and has been confined to his bed in the hospital for three months. He was released from the hospital last week and if he continues to improve in strength we shall spend the spring in our Daytona home on Magnolia avenue.

"I have been perfectly well all winter, except for an attack of the mumps which kept me indoors for two weeks at Christmas time and which were more annoying than serious.

"I find the theater, shops and cold automobile rides of the North poor substitutes for the many attractions of Daytona."

The many friends here of Dr. and Mrs. Trask will be glad to hear that Dr. Trask is now improving after his long siege of illness and that there is a prospect of their coming to Daytona before the end of the season.

Ideal Resort.

Nodd—"How is the Bingbang restaurant?" Tom—"Wonderful! I was in there with my wife for an hour the other evening and couldn't hear a word she said."—Life.

Samuel Scher, of New York, a brother of Joseph Scher, will open a store with a complete line of men's furnishings, suits and overcoats, in the O'Neil building at No. 9 North Beach street, Saturday, so it is announced in a display advertisement on page 12 of the Daily News today. Mr. Scher is getting the building in readiness and his stock of goods is now being unpacked.

SAYS DAYTONA REALLY IS

PRETTIEST PLACE IN WORLD

Mr. and Mrs. Daniel Baugh, of Philadelphia, who had been stopping at the Ridgewood for the past two weeks, have left Daytona for a short visit to Palm Beach. Mr. and Mrs. Baugh have traveled extensively, having been around the world three times. This winter is the first winter for the past 40 years that they have remained in America. Mr. Baugh says that Daytona is positively the prettiest resort that he has ever been in, which is most certainly a genuine compliment for Daytona.

Valuable Fruit.

Grapes are a wholesome and delightful food. They are in the class of demulcents and are highly beneficial to those suffering from various illnesses. Apples are correctives, and are very useful in overcoming nausea from seasickness and other causes. They are also very cooling as stomach sedatives.

PECK-HENDRICK CO.
SHOWING DISPLAY
ALL WHITE GOODS

The Peck-Hendricks company announce their spring display of white goods, commencing today and continuing tomorrow and Saturday. While the cotton market is much higher than it was a few months ago, this enterprising store anticipated the raise and placed their spring orders early. The result is that the Peck-Hendricks company is selling all white goods much below the present market, as will be seen by referring to the large advertisement of the "big store" in this issue of the Daily News.

Japanese Cookery.

Japanese cooks seldom use the fingers in the preparation of food. Chopsticks, spoons and many other ingenious little utensils in white wood do the work, which is of the most elaborate nature, many of the dishes requiring twenty-four hours to prepare.

His Evening Chat.

The other night Dickey (aged five) in concluding his prayers as usual with "God bless papa and mamma, and Florence, and Eleanor and Winifred" (the twins), and his grandparents, and all of the aunts and uncles he could readily remember, then added: "And God bless Mr. Brassey and Mrs. Brassey and Charles and Nell Brassey—You know 'em, don't you?"—Harper's Magazine.

SENATOR SMITH GIVES WARNING TO BRITAIN

WASHINGTON, Jan. 20.—A plain warning to Great Britain that the United States will retaliate to her proposed blockade with a munitions embargo was given by Senaor Hoke Smith in the senate today. He described English interference as part of a carefully laid plan to depress the price of raw cotton by cutting off the markets of northern Europe. It was also declared that this was a palpable violation of the rights of a neutral nation and no self-respecting country could submit.

N. Y. AND 'FRISCO IN DANGER.

NEW YORK, Jan. 20.—That the two great American seaports, New York and San Francisco, would be at the mercy of an enemy fleet armed with modern long-range naval guns was the statement made by General Erasmus Weaver, commander in chief of the Coast Artillery corps. The conversation took place at a meeting between the general and the house committee on military affairs. He also said that vigorous steps were being taken to remedy the shocking lack of protection for these ports.

HOLLAND DIKES BREAK; \$100,000,000 DAMAGE

AMSTERDAM, Jan. 20.—The enormous floods in Holland which have already caused \$100,000,000 damage are reported to be daily growing worse. When 80 yards of the dike near Dergerdam slid into the sea last night, the in-rushing water swept 40 houses before it. It is impossible to learn the exact number of the dead and the loss in property is appalling.

MONTENEGRO REJECTS PEACE.

ROME, Jan. 20.—An official announcement was made today by the Montenegrin consulate saying that Montenegro had resumed hostilities against the Austrians. The peace terms offered were promptly rejected and fighting is now being resumed along all the fronts. The king and his sons are still in the country.

MONDELL ASSAILS MEXICAN POLICY.

WASHINGTON, Jan. 20.—The administration has characterized the reports stating its inability to interfere in Mexico without permission from the Latin-American countries as "humiliating and unbelievable." It is understood that Congressman Mondell today hotly assailed the president's Mexican policy in the house.

HAD NOT VISITED DAYTONA

FOR NEARLY THIRTY YEARS Mrs. Katie D. Gilpin arrived Wednesday afternoon from Cincinnati, Ohio, and will spend several weeks here with relatives and friends. Mrs. Gilpin is a cousin of Mrs. T. Fred Brown, H. G. Hunnewell and C. M. Wilder, of Daytona Beach, and is now with Mr. and Mrs. Brown at their winter home in that town.

Mrs. Gilpin is a daughter of the late Nathan B. Hill, of Cincinnati, who was well-known here in the early days of Daytona and the family still own a town lot and hammock lands purchased by him at Holly Hill. Mrs. Gilpin has not visited Daytona since

her girlhood and will find little to recall the Daytona of that time. She was accompanied from Cincinnati by a friend, Miss Maud Wier, who is a guest at the Breakers hotel, Daytona Beach, and expects to remain here for about two months.
